THE SHOOTING

High-Volume Dove Hunting

Northern Córdoba is globally renowned as the ultimate wingshooting paradise. The Eared Dove inhabits the region in tens of millions, creating constant, thrill-filled shooting opportunities from dawn to dusk.

Each hunter is assigned a dedicated personal field assistant (bird boy) who handles gun loading, shell replenishment, bird retrieving, and field hydration seamlessly.

Experience the exhilarating cadence of high-volume wingshooting paired with the peace of mind that every detail of your hunt is expertly managed.

THE FIELD EXPERIENCE

Field Asado Lunch

At midday, hunting pauses for a grand Argentine tradition: a gourmet outdoor asado prepared fresh in the shade of the trees. Prime cuts of beef, tender tenderloin, sausages, and fresh salads are grilled over open wood coals.

Complemented by chilled Argentine Malbec and cold lager, followed by relaxing siestas in comfortable field hammocks before the afternoon shoot begins.

Dedicated Field Staff

Our professional field staff ensure flawless execution. Personal assistants keep your station stocked with shells, cold drinks, and eye/ear protection so your focus remains on the skies.

Back at Estancia La Paz, evening cocktail hour, gourmet dining, poolside relaxation, and professional massages on request round out every perfect day.
